

International Grant Workshop: Hands-on & Sharing Sessions

About the Workshop

This workshop is held to guide the participant about the tips, skills and tricks in winning an international grant such as EU, Newton Fund and other international grants. With local and university grants becoming difficult and competitive, this knowledge and information gained during this workshop could help you to obtain the best method and way to win the grant.

About the Facilitator

Dr. Yeong Che Fai received BEng. and MEng. degrees from UTM, and also received PhD from Imperial College of London, UK. He is currently working as senior lecturer under Department of Mechatronics and Robotics, FKE, UTM. Dr. Yeong has successfully received several local and international grants such as GUP, UTM ICC, and Newton Fund grants.
