APPLIED SCIENCES

- Frontier Materials
- Chemistry
- Physics
- Biology ○ Mathematics

SUSTAINABLE ENERGY

- Green Chemistry
- Renewable Energy
- Alternative Energy
- Biomass and Biofuel
- Hydrogen Energy
- Electrochemical Energy
- Energy Storage
- CO₂ capture and utilization
- Smart Agriculture

PROCESS SYSTEM

- Power System
- Process System Engineering
- Artificial Intelligent (AI)
- Simulation & Modelling

SAFETY

- Industrial Hygiene
- Radiation
- Safety & Security
- Risk Assessment
- Occupational Safety and Health
- Process Safety & Loss Prevention
- Ergonomic & Human Factors
- Risk Management

CONCEPT 9

Powering The Future Energy Revolution

CONCEPT 2021

9th Conference on Emerging Energy
& Process Technology

24 & 25 Nov 2021

PUBLICATIONS

All papers presented in the CONCEPT 2021 will be published in Scopus-Indexed proceeding (**IOP Journal of Physics: Conference Series**).
